

# JT Kazousky

Front-End Developer

**Phone:** 724-757-5992

**Website:** [www.jtkazousky.com](http://www.jtkazousky.com) or [jtkazousky.netlify.app](http://jtkazousky.netlify.app)

**Email:** [jtkazo@gmail.com](mailto:jtkazo@gmail.com)

*Experienced front-end web developer with an affinity for web applications. Working knowledge in JavaScript, React and Gatsby.*

## EXPERIENCE

### Movie Voting App *React / SASS / Go / APIs*

- Assembled a React web application that allows the user to generate a list of movies. Each client can then vote on which movie they would like to watch.
- Brainstormed and coordinated with a colleague to build an API to retrieve data and then displays the results.
- Engineered the application with useState, useEffect and useContext hooks.
- Utilized useContext hook to replace Redux.

### CaffeinatedTrout Blog *Gatsby / SASS / CMS / GraphQL*

- Established using Gatsby to generate a static progressive web application blog.
- Integrated with Contentful to create a CMS for blog posts.
- Pulled information for the blog using GraphQL built into Gatsby.

### Contakter App *React / SASS*

- Imagined and generated a contact book that allows clients to submit and remove items from their book.
- Fashioned the application to utilize clean web design to provide a welcoming environment.
- Utilized SASS for redesigned UI development.

### Budgeting Calculator *React / SASS*

- Customized a budget calculator that enables the client to input parameters to calculate how long it will take to save up for a specific item.
- Coded the application with ES7 syntax and utilizes useEffect and useState hooks.

## SKILLS

### Front-End Skills

React  
Gatsby  
SASS/CSS  
Javascript  
HTML

### Tech Skills

Git/GitHub  
Node  
CMS  
APIs  
GraphQL

### Design Skills

Illustrator  
Photoshop  
Adobe xD  
Figma

### Soft Skills

Communication  
Decision Making  
Leadership  
Forward Thinking

## EDUCATION

**University of Pittsburgh**  
Bachelor of Science
